Healthmark Adds Lint-Free Wipes to New Product Line

Fraser, MI, Jan. 19, 2011- Healthmark Industries has announced that they now offer Lint-Free Wipes. These low linting wipes are to be applied immediately after surgical equipment has been used, and prior to automated or manual disinfection.

“Pre-cleaning of endoscopes and other surgical equipment is not only important, but absolutely necessary,” said, Ralph Basile, Vice President of Marketing & Communications. “These wipes will help insure that surgical instruments are properly reprocessed in compliance with the device manufacturer’s instructions-for-use.”
