### **Healthmark Industries Offers New Eye Wash Temperature Check Tag**

Fraser, MI January 3, 2022 - Healthmark Industries is delighted to introduce the Eye Wash Temperature Check Tag to its Labeling product line.

Designed for checking the water temperature and logging information of eye wash stations, the white 9L x 5W Inch Eye Wash Temperature Check Tag assists healthcare workers with verifying that the water of their facilities eye wash station is within a tepid temperature range. Attached to a 36 Inch nickel-plated ball chain to hang from eye wash stations, the front portion of the Eye Wash Temperature Check Tag features a log for individuals to document weekly maintenance checks of their facilities eye wash station, which includes a space to note the month, date, and initials of the inspector. The back portion of the Eye Wash Temperature Check Tag features a liquid crystal thermometer, along with the recommended water temperature range of 16-38°C (60-100°F).
