Dividable Ribbed Tote Boxes

Use to organize and simplify the processing, storage and distribution of supplies and equipment. Regain space by combining supplies in compartmentalized ribbed containers that keep things separate in the least amount of space. Comply with JCAHO regulations by removing contents from outside shipping boxes and storing in containers that can be cleaned and disinfected. Made of tough and impact resistant plastics.

Accessories for Tote Boxes

Covers for Protection

Snap-on style for all containers and insert style available for "MTB" boxes. Choose from clear, opaque and domed style.

Adjustable Dividers

Slotted on 1^{1/4}" centers creating sections as small as 1" square.

Flip-Top Containers

Attached, hinged covers for convenient and safe storage and transport of supplies. Compact storage by nesting one in another when not in use. Lockable tops for security and use control. Molded in handle for secure handling. Available in grey.

Multi-Use Ribless Containers

Transport clean or dirty supplies and equipment. Save space by getting supplies into containers with the right size for efficient storage. Made of tough but lightweight plastics. Easy to clean with no nooks or crannies. Snap-on covers to keep supplies safe and dust-free. Window-style label holders to clearly identify contents for quick retrieval. Both nesting without cover.

Magnetic Label Holder

A secure method for displaying pertinent information on nearly any cart or trolley. Made of tough plastic and secured with a strong magnet, any of the three sizes are sure to clearly and firmly present important documents. Sizes include 5.5"x 8.5", 6"x 4" and 8.5"x11".

Code No	Description	Quantity
S-2022	5.5" x 8.5"	1
S-2023	8.5" x 11"	1
S-2024	6" x 4"	1

Design Custom Trays with the Infinite Divider System

Imagine the arrangements you can create with dividers that can be positioned virtually anywhere. Wasted space is eliminated because there are no fixed divider locations. These trays are made of super strong translucent polypropylene.

Code No	Description	Length	Width	Height
T600	6 permanent, 6 dividers	11.000	6.625	2.500
T900	4 permanent, 16 dividers	13.750	8.750	1.750

OPEN FRONT BINS & MORE

Convenient, Space Efficient Storage with Stackable Open Front Containers

Contents are easily accessible and easily identified through large open fronts. Space can be maximized by stacking bins one-a-top the other - eliminating wasted space on shelving. Slide in your own labels into large label slots. These trays are available in 3 colors: red, yellow and blue. Accessories include dividers, Louvered Panels and Bin Rails for wall mounted storage.

CARTS

HUSHKARTS

DESIGNED FOR QUIET MOBILITY

One-piece, double-wall polyethylene construction- no creaking bolts and no rattling metal. Rubber-cushioned 4" sealed bearing casters

DESIGNED FOR CONVENIENT STORAGE

Each HushKart offers three shelves with slip resistant surfaces and raised edges. Ideal for use as surgical case carts, and for use by Pharmacy, Respiratory, or CSD.

DESIGNED FOR EASY CLEANING

Cart-washer washable. Polyethylene will not rust, corrode, dent or peel. One-piece seamless construction eliminates hard-to-clean grooves and crevices.

DESIGNED FOR ATTRACTIVE APPEARANCE

With choice of five colors, establish a color-coding system to fit your needs. Choose a color (Dusty Rose, Slate blue, Brick Red, Dark Brown, Coffee Beige) to coordinate with the decor.

CART COVERS

Disposable Cart & Utility Covers

Available in clear plastic when you want contents visible and opaque when you want contents out of sight. Made of tough polyethylene plastic, these covers protect carts and contents from dust and contamination. Applications include covering Surgical Case Carts, Exchange Carts, Linen Carts, Suction Pumps, Ventilators and other equipment. Disposable covers eliminate the time and expense of laundering cloth covers. Packaged 50 to a case.

SHELF LINERS & ACCESSORIES

Stainless Steel Peg Boards

Stainless Steel Peg Boards include two 16" x 32" panels and matching stainless screws that are made for special applications to induce a clean modern environment.

Code No	Description
ALGBRD1632STLS	Stainless Steel Peg Board Kit (2 panels 16" x 32")

TEARGUARD Plastic Shelfliner

END RIPPED WRAP! TEARGUARD provides a solid plastic barrier from the sharp edges and bumps of wire shelving. Raised ribs promote good air circulation. TEARGUARD is manufactured of tough polyethylene plastic that can be cleaned with disinfecting solutions and is cart washer safe. Ideal for protecting wrapped trays, preventing small items from falling through shelves and reducing the effort required to slide heavy items off of shelves. TEARGUARD's are manufactured for most popular shelving sizes and fit the leading brands of shelving.
