KNOWLEDGE IS POWER

If you're like most SPD managers, you struggle with budgetary issues each and every day. One of the most important line items, and one that is often the first to be cut, is money for training and continuing education.

HEALTHMARK HAS THE ANSWER

We have developed a unique and innovative frequent purchaser program called "Sterile Processing Dollars (SPDs)". Your institution will earn these SPD points with every purchase of a Healthmark product for your sterile processing department. These points can then be used to purchase educational materials for you and your staff.

HEALTHMARK & HSPA

Healthmark has teamed up with HSPA, CBSPD and AAMI to provide the most comprehensive educational materials and programs available for sterile processing professionals.

GO TO THE NEXT HSPA OR CBSPD MEETING ON HEALTHMARK

You can use your SPDs to cover the cost of your registration and books. You or your organization will only need to pay for travel, room and board expenses.

CAN'T GO NATIONAL? GO LOCAL

If you can't make a national conference use your SPDs on registration for a local HSPA or CBSPD meeting. Check with your local groups to see if they are a participating partner in the SPD Program.

EDUCATION IS KEY

SPDs CAN BE SPENT ON A VARIETY OF HSPA, CBSPD AND AAMI EDUCATIONAL MATERIALS

TEXTBOOKS

BOXED COURSE MATERIALS

VIDEOS

PUBLICATIONS

TRAINING KITS

& MORE

To learn more about these outstanding educational materials visit the HSPA website at myhspa.org and the CBSPD website at sterileprocessing.org, and the AAMI website at AAMI.org
