*Every day, you step into a world few ever see, yet every patient depends on. You may not always be in the spotlight, but you are the heart of it all.*

*Behind the scenes, you bring skill and dedication to every vital step that keeps patients safe. To us, that makes you a hero.*

*Thank you for your quiet commitment to the lives you protect every day. We see you, and we're proud to support you every step of the way.*
